LAMBRUSCO

November saw me debut on Food Network Italy
with a documentary on Lambrusco.
Accompanied by other European sommeliers and
guided by two food experts such as
Chiara Machedavvero and Martina Liverani,
I went to discover the Emilia's Champagne!
Here are my choices ...
... and if you missed the documentary,
it will soon be available on D-Play!!!

LAMBRUSCO ANCESTRALE FRANCESCO BELLEI E C.

Alcohol: 11,5%

Region: Emilia Romagna - Italy

One of the first Lambrusco born from ancestral refermentation.

It has an inviting pink color and aromas of violet, roses and blueberries that make the wine really elegant.

You will want his fresh and easy taste.

To drink with a great Parma ham!

LAMBRUSCO DI MODENA PHERMENTO MEDICI ERMETE

Alcohol: 12,5%

Region: Emilia Romagna - Italy

Phermento is the baby of the Casa Medici Ermete!

An agile and roaring wine, with purple color and scents of violet and raspberries.

The taste is fresh and fruity!

A great satisfaction for your thirst!!!

LAMBRUSCO DELL'EMILIA PODERE MAGIA

Alcohol: 12,5%

Vintage: 2016

Podere Magia is the artisan reality of Stefano Pescarmona, a master of biodynamic agriculture in Italy.

His Lambrusco is a wine with an intense and masculine character.

Scents of red fruit, aromatic herbs and balsamic notes. The taste is full, fruity and with an interesting tannic appeal.

A must have of Lambrusco !!!
